

A photograph of a bride and groom embracing in a field of tall green grass and yellow wildflowers. The bride is wearing a white wedding dress, and the groom is wearing a dark suit. They are standing in front of a blurred background of trees and foliage. The word "weddings" is written in a light blue, cursive font inside a white, scalloped-edged rectangular frame in the upper left corner.

LAURA & CHAD:
ROMANCE ON
THE BEACH

capturing your love...

I adore couples in love. Especially couples that have pledged their never-ending love, deciding to stand before family and friends, declaring their love and commitment through marriage. There is just something so magical and beautiful about being a part of a wedding day.

It's the culmination of months (and sometimes years) of planning. Casual, fun, sophisticated, elegant. . . with details to reflect the individual style of each couple. Those details help tell the story of an amazing love, a story that is captured not just in the flowers and decor, but in the tiny glances, the joyous tears, the soft hand holds, and enormous smiles.

I would be honored to be a part of your day, capturing all those details, all those emotions, and most importantly, capturing your love.

A woman with blonde, wavy hair is standing in a lush green forest. She is wearing a white wedding dress with a V-neckline, thin straps, and a wide, light-colored sash. The dress is adorned with small, sparkling details. She is smiling gently at the camera. The background is filled with vibrant green foliage and trees, with sunlight filtering through the leaves.

A Beautiful Bride

she's the star of the day

Technically, there are two stars of the day, but everyone is most eagerly awaiting a glimpse of the glowing bride. The guests can't wait to see what gorgeous dress you've picked, how you're wearing your hair, and that magic glow, reserved just for a bride on her wedding day!

GETTING READY

One of my favorite parts of the wedding day is the pre-ceremony “getting ready” of the bride and her maids.

You’re wearing one of the most important and meaningful dresses of your life, one you may pass down to your grandchildren. There’s excitement and jitters and joy and beauty, all while you’re surrounded by the best girls you could imagine.

And, there’s a knock-out pair of shoes, just waiting to carry you down the aisle.

ALL THE

FUN STUFF

I know there is much more to a wedding than just handing over a disc full of digital files. Yes, that's important, but there is nothing like the joy of sitting down with your grandparents' wedding album, lovingly flipping through the pages and reliving the joy of the day. I love putting together an album that you may one day share with your grandchildren!

ENGAGEMENT SESSION

GETTING TO KNOW YOU:

An engagement photo session is an important part of your wedding preparations and is included with all of my packages. It gives us a chance to get to know each other, as well as capture your personality and uniqueness. I love to pick a location that has meaning to you as a couple. We can create a one-of-a-kind guest signing book using the images from your session, which can be added to any package. Save-the-date cards are another great option!

WEDDING ALBUM

A BEAUTIFUL CUSTOM MEMORY:

A wedding album is a treasure to be passed down for generations. I have several gorgeous styles, letting you pick exactly the right memory for you. Albums start at \$975 and additional copies can be ordered for \$525, perfect for your parents.

THE KEEPSAKES

LOTS OF OPTIONS:

I offer a full line of prints, gallery-wrapped canvas, storyboards, jewelry, thank-you cards and more. There are so many ways to enjoy the images from your special day!

PERSONALIZING YOUR WEDDING

There are so many ways to make your wedding unique. First, decide on the style and feel for your day. Do you want casual, sophisticated, formal, playful, traditional? Pick a 2-3 word catch-phrase to describe your day and use that as a guide when choosing the elements for your wedding.

Cindy wanted a "mountain summer afternoon," with an easy flowing dress, earthy-colored bridesmaids dresses, no-ties and denim for the guys, and pretty wildflowers. When she knew the theme to go with, it made choosing from the myriad of options much easier.
